Prep Transition Program

At Officer Primary our transition program is designed to ensure the move from kinder to school is a successful one.

We run a comprehensive transition program that is aimed at helping children and their families to familiarise themselves with the school, staff and routines.

The program involves all children in a variety of literacy and numeracy activities as well as lessons in Physical Education and Art.

Our future Preps are paired with a grade 4/5 buddy to help them integrate and feel welcome at school. Buddy activities continue throughout the following school year and are a great opportunity to build important relationships between the junior and senior school students.

Step into Prep at Officer Primary School
